+254 725092182

As a fourth-year Computer Science student with excellent academic performance, I bring a strong skill set as a full-stack developer with UI/UX design experience. My leadership skills are demonstrated through active participation in club activities.

I am seeking a position where I can apply my skills and expand my industry knowledge. With my quick learning ability and strong interpersonal skills, I am ready to contribute to an innovative team while pursuing personal and professional growth.

Willing to relocate: Anywhere

## Work Experience

---

### Network Engineer Intern

Starnet Systems - Nairobi

May 2023 to July 2023

- I actively provided network support, troubleshooting and resolving various WAN/LAN connectivity issues.
- I installed and maintained data and voice circuits through routers, switches, and WAN devices.
- I showcased strong analytical, troubleshooting, and problem-solving skills.

### It Intern

Huduma Kenya - Nairobi

June 2022 to August 2022

- I streamlined ICT services in collaboration with my peers. Our efforts led to a 43.75% improvement in daily customer service, increasing the number from around 160 to 230.
- I managed networks and servers effectively.
- I successfully designed, set up, and managed virtual workstations.
- I expedited service delivery by managing the service-by-appointment system leading to an average reduction of wait times by 16 minutes.

### Web Developer

Mc Gregory Consultancy - Nairobi

December 2021 to April 2022

- I created a website case study for the official company website.
- I was responsible for both the design and implementation of the website.
- My efforts resulted in increased engagement and attracted 2 new potential customers within the first week.
- I performed troubleshooting on the website to ensure optimal results.

## Education

---
